

EPIX™ (GEN 2) PREMIUM ACTIVE SMARTWATCH

NEW PRODUCT ANNOUNCEMENT

OVERVIEW | FEATURES | COMPARISON | CONFIGURATIONS

SPECIFICATIONS | COMPATIBILITY

MARKETING MEMO January 18, 2022

PRODUCT OVERVIEW:

Wear epix[™], be epic. With epix, the premium active smartwatch, you can take on every day with the stunning AMOLED display optional Sapphire lens with titanium bezel and up to 16 days of battery life. Stay connected with smart features, Garmin Pay[™] contactless payments¹ and music storage. Understand your body with 24/7 health and wellness monitoring features that track Pulse Ox², heart rate³, respiration and more. Train how you want with 30+ built-in sports apps and take it further with performance metrics and Garmin Coach training plans. When you're ready for adventure, you can download TopoActive mapping via Wi-Fi® connectivity, or get it preloaded on Sapphire Editions.

epix (Gen 2)

EPIX[™] **(GEN 2)** Premium Active Smartwatch

KEY	KEY FEATURES:					
NEW	DESIGNED FOR YOUR LIFESTYLE	The stunning 1.3" always-on AMOLED display brings your watch to life, even under bright sunlight.				
NEW	TOUCHSCREEN AND BUTTONS	Trusted button controls that work in any environment are matched with a responsive new touchscreen interface for quick access to selections and map features.				
NEW	HIIT WORKOUTS	Use this activity profile with different timers to track your HIIT workouts, including AMRAP, EMOM, Tabata and custom. Set the number of rounds, work/rest intervals and more.				
NEW	VIRTUAL RACE PREDICTOR	Based on your running history and overall fitness level, this feature provides an estimate of what your pace could be for the distance you want to run. Trend data shows how your training is having an impact over time.				
NEW	REAL-TIME STAMINA	Track and manage your exertion — and help avoid overexerting at the start of your run or activity.				
NEW	MULTI-BAND FREQUENCY SUPPORT	With the Sapphire edition, get superior accuracy using technology previously only available to the military. Access multiple frequencies sent by navigation satellites for improved position accuracy in areas where GNSS signals are reflected, weak or typically don't penetrate.				
NEW	MULTI-CONTINENT TOPO MAPS	Download TopoActive maps via Wi-Fi® connectivity from around the world — or get your local region preloaded on the Sapphire edition watches — to keep your explorations on track. View terrain contours, elevations, summits, parks, coastlines, rivers, lakes, and other geographical features.				
NEW	UP AHEAD	Get at-a-glance awareness for selected POI checkpoints ahead. View performance metrics, split times and distance/elevation — plus a summary of key trail points coming up.				
NEW	SKIVIEW™ MAPS	Take on the slopes with preloaded SkiView maps, and view run names and difficulty ratings for more than 2,000 ski resorts worldwide.				
	GREAT BATTERY	For an outstanding smart watch experience with our new AMOLED screen we have created a super-efficient power mode. This wakes the watch up based on a smooth gesture interaction and extends the battery life in smart watch mode up to 16 days.				
	PREMIUM MATERIALS	Fit the watch's look to your lifestyle with options for a sapphire display, titanium bezel or stainless steel bezel.				
	PULSE OX	For altitude acclimation or sleep monitoring, a Pulse Ox sensor ² uses light beams at your wrist to estimate how well your body is absorbing oxygen.				
	WRIST-BASED HEART RATE	The watch constantly samples your heart rate ³ and will alert you if it stays too high or too low while you're at rest. It also helps gauge how hard you work during activities — even while swimming.				
	RESPIRATION TRACKING	See how you're breathing throughout the day, during sleep and during breathwork and yoga activities.				
	STRESS TRACKING	Heart rate variability is used to calculate your stress level score, so you can see if you're having a calm, balanced or stressful day.				
	SLEEP SCORE AND ADVANCED SLEEP MONITORING	Get a full breakdown of your light, deep and REM sleep stages. View it all on a dedicated widget that includes your sleep score and insights.				
	BODY BATTERY™ ENERGY MONITORING	Optimize your body's energy reserves, using heart rate variability, stress, sleep and other data to gauge when you're ready to be active or when you may need to rest.				
	HYDRATION TRACKING	Log your daily fluid intake as a reminder to stay hydrated. You can even have an auto goal for hydration that adjusts based on how much you sweat during activities.				
	BUILT-IN SPORTS APPS	Use preloaded activity profiles for trail running, swimming, running, biking, hiking, rowing, skiing, golfing, surfing, indoor climbing and more.				
	ANIMATED WORKOUTS	This watch features easy-to-follow, animated cardio, strength, yoga and Pilates workouts you can view on the watch screen. Choose from preloaded animated workouts, or download more from the Garmin Connect™ online community when paired with your compatible device.				
	GARMIN COACH	These free adaptive training plans feature guidance from expert coaches and adapt to you and your goals. Workouts sync right to your watch from Garmin Connect.				

A first-of-its-kind PacePro feature helps keep you on pace with grade-adjusted guidance as you run a course.

PACEPRO™ TECHNOLOGY

EPIX[™] **(GEN 2)** Premium Active Smartwatch

Train smater with VO2 max, an indicator of how you can expect to perform. It adjusts for trail running and accounts for changes in performance that could be caused by heat or althods. PERFORMANCE METRICS Vew advanced training metrics that include estimates for running dynamics, VO2 max, recovery advisor and more. DALLY WORKOUT SUGGESTIONS For training guidance that takes you and your finess level into account, get daily run and ride recommendations based on your current training intensity and actions such as stress, daily activity, and sleep. RECOVERY TIME ADVISOR After each vorticut, recovery time lets you know when you? be ready for another hard workout. It even accounts for training intensity and factions such as stress, daily activity, and sleep.
